BIG LOSS BY FIRE

Haskins Farmer Loses all His Grain, Stock, Barns, etc.

A mysterious fire caused a loss of nearly \$5,000 to Henry Wenig, a prosperous farmer residing near Haskins Monday evening at about 6:30. A new big barn, all the out buildings, two horses, three cows, 200 bushels of wheat, several hundred bushels of oats, farm machinery, etc., were totally destroyed.

Mr. Wenig was not at home at the time of the fire which was discovered by a small son. Neighbors who rushed to the scene of the conflagration could do nothing with the flames and had a hard battle to save the residence. The property destroyed was partially covered by insurance.

CHANGE IN OFFICIALS

Surveyor, Treasurer and Commissioner take Office.

On Monday three new changes were made in the offices of the county court house at Bowling Green, two democrats and a republican taking the place of republicans. J. F. Gallier turned the keys of the surveyor's office over to E. F. Metzger, of Stony Ridge; Geo. W. Fearnside's position of county treasurer was given to M. M. Fowler, of Bradner; and E. L. Loomis, of Pemberville, is the new Republican commissioner.

George W. Fearnside, the retiring treasurer, has been a very successful man in the office and has filled the position in a manner to bring praise from even his contemporaries. His books were always ready for inspection, even in the heaviest of tax paying times. Mr. Fowler, the new treasurer, is a man of the best of qualities, and is somewhat experienced in his new vocation, having served as treasurer of Montgomery township for several years. He resigned a position as president of the Mechanics bank at Bradner, when he won the new office. V. L. Peterson, of Bradner, will be his assistant, while Miss Julia Cramer, who has been with Mr. Fearnside, will continue her duties.

J. F. Gallier, after serving for a period of two years and seven months, having been appointed by the county commissioners to serve the unexpired term of E. L. Spafford, goes out of the surveyor's office with a clean record and many accomplishments. He has had 300 miles of ditch and the building of \$75,000 worth of stone roads under his care in the time in which he filled the position. E. F. Metzger, the new surveyor, is a resident of Stony Ridge, where he has filled several local offices in the village and township in a creditable manner. He has had some practical experience as an engineer and surveyor and with a corps of able assistants will soon have the office running in good shape.

E. L. Loomis, of Pemberville, is the new county commissioner, taking the place of W. W. Long, Republican, from Rising Sun. Mr. Loomis has always taken a pride in the interests of Wood county and it is expected that he will fill the position in as good a manner as the retiring commissioner. Frank P. Clark, of North Baltimore, succeeds himself as democratic recorder, Prosecutor Wm. Dunlap, democrat, is started on his second year and Wm. Roller, democrat, succeeds himself as commissioner, and the affairs at the county edifice are moving along in good manner.

Best Treatment for a Burn.

If for no other reason, Chamberlain's Salve should be kept in every household on account of its great value in the treatment of burns. It allays the pain almost instantly, and unless the injury is a severe one, heals the parts without leaving a scar. This salve is also unequalled for chapped hands, sore nipples and diseases of the skin. Price, 25 cents. For sale by C. P. Champney.

MINISTER FOR MANY YEARS.

The Rev. J. C. Karns, aged 82 years, passed away at Bowling Green, Tuesday, at 12:30. Mr. Karns spent the greater part of his life in this county and has been a minister of the Gospel in the Baptist church the greater part of his long life. He is survived by a wife, seven children, sixteen grandchildren and three great grandchildren. He was well known throughout the entire county and in many neighboring places.

Why Druggists Recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. Frank C. Hanrahan, a prominent druggist of Portsmouth, Va., says: "For the past six years I have sold and recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is a great remedy and one of the best patent medicines on the market. I handle some others for the same purposes that pay me a larger profit, but this remedy is so sure to effect a cure, and my customer so certain to appreciate my recommending it to him, that I give it the preference." For sale by C. P. Champney.

FORD PLANT CLOSED

200 Men Out of Work at Rossford Shop.

Seven hundred workers at the plant of the Ford Glass Company, at Rossford, were thrown out of work last Friday as the result of a "gang" strike. The sixty members of the laying gang asked for a raise of 5 cents an hour in wages and when refused quit work and the remainder of the plant was closed by the officials.

It was thought at first that the plant would soon resume operations and that the men would be put back to work but up to the present the condition of affairs remain stationary. Both the day and night shifts were suspended. The men received a raise in wages several years ago and were promised another raise by the company as soon as business would permit, it is said. This plant did not close down, only for a few weeks for repairs, during the panic and the officials of the company are surprised that any of their men should become dissatisfied.

K. OF P. PICNIC SUCCESS.

The first annual picnic of the lodges of Wood county K. of P.'s was held at the Wood county fair grounds at Bowling Green, Monday, Labor day. The day was ideal for such an occasion and brought out hundreds of people, estimated at from 2500 to 4000 people. Bradner's band led the way to the fair grounds early in the morning and it was six o'clock before the crowd could be coaxed from the grounds.

J. E. Ladd welcomed the Knights in his usual hearty manner and E. R. Sage of Prairie Depot, county deputy, gave the responsive speech. This interspersed with music by the Bowling Green and Bradner bands completed the amusements of the forenoon and when the dinner hour was announced a picnic dinner was indulged in from well filled baskets prepared by the good ladies of the order.

After dinner the announcement of the winner in the baby prize was given, after which speeches were made by "Uncle Bill" Beatty, of Toledo, and the Hon. John Wlan of Defiance, both of which were humorous and interesting, pleading for the spread of fraternalism.

The following are the winners of the contests:

The baby show—Thelma Gasser, first prize; Russell Leonard, second prize.

Frankfort eating contest—First prize, J. Deuel of Bowling Green; second prize, to Harry Baird of Bowling Green.

Nail driving contest for ladies—First prize to Mrs. George Porter of Weston; second prize to Mrs. Ada Drumheller.

Shoe contest for boys—First prize to George Trichler; second prize to Halford Whitaker.

Potato race for girls—First prize to Gladys Hull; second prize to Ruth Grabel.

Fat men's race—First prize to Len Abbott of Weston; second prize to F. F. Black of Hoytville.

Slim Men's race—First prize to Will Davis; second prize to Nat Martin.

Fifty yard race for ladies—First prize to Bessie Myers; second prize to Mrs. Daniels.

Sack race for boys—First prize to Harvey Grinnell; second prize to Verne Critchfield.

Peanut race for girls—First prize to Esther Shade; second prize to Dorothy Williams.

Patagonian Stride and Bend Race—First prize to George Trichler; second prize to Ruel Raney.

100 yard dash—First prize to Otis Gerauld; second prize to George Randis.

Three legged race—First prize to George Lardud and Otis Gerauld; second prize to Eugene Soash and Mr. Lybarger.

Tug of war—First prize to Weston; second prize to Bradner; third prize to Bowling Green.

As will be noted in many cases the second prizes were as valuable as the first prizes, the merchants of Bowling Green being very liberal with their offerings.

Accidents will happen, but the best-regulated families keep Dr. Thomas' Electric Oil for such emergencies. It subdues the pain and heals the hurts.

HIGH SCHOOL DEDICATED

Lake Township now Among the Leaders in this Work.

Several townships now have high schools in Wood county and Lake township is to be among the leaders in this movement. On September 1st a fine new high school building was dedicated by a feast of speeches, music, readings, etc., and a large audience was present at the ceremonies. The feature of the evening was an address entitled "The Value and Relation of a High School to a Community" by Prof. W. H. Richardson, of the Cuyahoga Falls, Ohio, schools, and summer instructor at the O. N. U.

Professor C. E. Stinebaugh, of Dunbridge, and Prof. B. O. Bistline, of Bradner, were present also and delivered addresses appropriate to the occasion. The band orchestra of Stony Ridge, furnished the instrumental music, while Miss Sadie Cline, Messrs. Elery, Bean and Fred Phells and the Moline quartette rendered beautiful vocal music. Miss Morgan held the audience spellbound with her reading. Prof. Swartz complimented the township on the new institution and invited everyone to visit the school during the coming year.

LOCAL CAPITALISTS

Gartrell Marble Co. Selects Officers Ready for Work.

The Gartrell Marble Co., composed of Wood county capitalists, with their holdings at Gartrell, Ga., held a meeting at Bowling Green, last Friday, and selected its executive officers and the board of directors. They are: B. C. Harding, President; Henry Apel, Vice President; H. A. Twining, Secretary; Dr. J. C. Lincoln, Treasurer; board of directors, Dr. J. C. Lincoln, H. A. Twining, Henry Apel, L. A. Challen, C. A. Watts, Chas. Cramer, and B. C. Harding.

The company was recently capitalized at Columbus at \$250,000. They have a lease on a big tract of fine marble quarries at Gartrell, Ga., on the L. & N. railway, the only quarry on the road. The machinery is already on the ground for the work of getting out the marble. Their lease also includes a large white stone formation and the only one in the United States from which plaster of paris, carbonic acid gas, epsom salts, etc., can be manufactured.

A NARROW ESCAPE

Chas. Muir Comes in Contact with Live Wire.

Charles Muir has been navigating with the aid of a cane during the past week and is thanking his luck stars that he was not transported to that land where they travel by means of wings.

The trolley left the wire on the car on which he was motorman last Friday evening in the hollow just this side of Walbridge park Charley got on the car to assist in replacing the trolley pole when in some manner he got connections with a high tension wire and was thrown from the car. Where he landed was some three or four feet lower than the car as they had been excavating there and he just missed lighting on some piles. Aside from a bad shaking up and a small burn on the back of his neck Charles is feeling fine and wondering by what manner of means he escaped as fortunately as he did.

The Road To Success

has many obstructions, but none so desperate as poor health. Success to-day demands health, but Electric Bitters is the greatest health builder the world has ever known. It compels perfect action of stomach, liver, kidneys, bowels, purifies and enriches the blood, and tones and invigorates the whole system. Vigorous body and keen brain follow their use. You can't afford to slight Electric Bitters if weak, run-down or sickly. Only 50c. Guaranteed by C. P. Champney.

THE PRIMARY ELECTION

A Quiet Affair in Perrysburg Village and Township.

While the primary election, so far as Perrysburg township and village are concerned, was a quiet affair, at the same time there was considerable friendly rivalry for many of the offices and a fairly large vote was polled.

It was not so much a question of ability for all the nominees were capable men and the contest was simply a survival of he who had the largest personal following. No unpleasantries were indulged in and the Journal believes there are no "sore spots" among the defeated candidates who realize that they put up a good fight and lost in a fair battle of the ballots.

The vote on village and township candidates resulted as follows:
